

No Doctors, Jailbreak

Sell your chickens if you need to
But don't you try to sell mine
I got a belly that needs those eggs
And a woman that needs that wine
I heard some noise in the bedroom
BB was moanin and groanin
I opened the door and I had to stare
At the furry beast she was bonin
Her putrid act of rebellion
Left me gagged and bound
I didn't know what I should do
But then I heard a sound
"Look out, captain, this ships gone out of control"
"Don't fuck his concentration, junior, this baby's on a roll"
Let go for once, you punk, you never had to be the man before
Days of insanity
Confessing through inanity
□And don't get mad at me
Im just a whore
"hey, BB, what those bears gonna do now, they aint used to this side of the tracks"
"my motion is intangible I carry it with in me in paper sacks"
Let go for once, you punk, you never needed to be the man before
There's a path if you
Take a bath and you
Do your math
You might figure out the score
(Black bear stew
what you gonna do
when they try to bite the hand that feeds them?
Black bear stew
what you gonna do
when they start to wonder who really needs them?)
