

# No Doubt, Excuse Me

I kinda always knew I'd end up your ex-girlfriend I kinda always knew I'd end up your ex-girlfriend  
I kinda always knew I'd end up your ex-girlfriend I hope I hold a special place with the rest of them  
You say you're gonna burn before you mellow I will be the one to burn you Why'd you have to go and  
I kinda always knew I'd end up your ex-girlfriend I kinda always knew I'd end up your ex-girlfriend  
I'm another ex-girlfriend on your list But I should have thought of that before we kissed  
Your wildness scares me So does your freedom You say you can't stand the restrictions I find myself  
And I feel so mean, I feel in between Cause I'm about to give you away  
I kinda always knew I'd end up your ex-girlfriend (for someone else to take) I kinda always knew I'd  
I'm another ex-girlfriend on your list But I should have thought of that before we kissed I'm another ex  
I'm about to give you away for someone else to take I'm about to give you away for someone else to  
We keep repeating mistakes for souvenirs And we've been in between the days for years And I know  
I kinda always knew I'd end up your ex-girlfriend I kinda always knew I'd end up your ex-girlfriend  
I'm another ex-girlfriend on your list But I should have thought of that before we kissed I'm another ex
