## No Doubt, Leftovers

Thinking what should I do Now I don't have you Facing my demotion I'm just a fish in your ocean Has been, that's what I am With my backstage wristband Freaking seconds of you That's not what I'm used to

Feed, feed 'em all to me Careful with my stuff What's your policy? First one's free

I save 'em up, I put 'em in my pocket I save 'em up, put 'em in a jar I save 'em up, I'm gonna need 'em for later I save 'em up, then they'll go real far

Hand me downs, the takedowns I take the leftovers Cold ones and the old ones Better than no ones

Feed, feed 'em all to me Careful with my stuff What's your policy? First one's free

I save 'em up, I put 'em in my pocket I save 'em up, put 'em in a jar I save 'em up, I need 'em for later I save 'em up, then they'll go real far

I time it out, gotta be real careful I time it out, get 'em right on time I time it out, I get 'em when I need 'em Time is up, what's left is over

It's over
I can never have enough
Oh, I can never have enough
I sure am greedy
Hand 'em over to me

## Nothing's free
