

# No For An Answer, Just Say No

Why should I join a breed  
That brings one another down?  
Group behavior, group as the savior  
A circus filled with clowns  
Who are these men? Why are they here?  
What do they want?  
Ruling class, ruling by fear,  
Something I am not!  
All my life I've felt the push  
It's caused me pain  
Dilute my system, just to be with them  
Why numb my brain?  
A pint of fear, a quart of heart,  
Is all they've got  
Ruling class, ruling by fear,  
Something I am not!  
JUST SAY NO!!!  
NO !  
JUST SAY NO!!!
