

# No Fun At All, Believers

I've got a problem and I don't know what to do  
I get molested by the people who believe  
They run around and bother everyone they see  
Somebody stop them I don't care what it takes

Please leave me alone  
Please leave me

I'm tired of the believers  
I'm tired of listening to them talking of heaven  
I'm tired of the believers  
I'm tired of listening to their endless boring song  
You'll be happy come get salvation  
(I'll be happy when I smash your face in)

I take a step and then I hear the little bells  
Some bald fanatics try to make me buy their books  
I take another step and hear the tambourine  
If you're a good boy you won't end up in hell
