

No Fun At All, I Won't Believe In You

I am tired of your lies
behind your false disguise
and I will never pay the price
one thing I know it's true
I'll always fighting you
nothing else I rather do

I wont believe in you
I wont believe in you
no matter what you say
I wont believe in you
Ooouh
I wont believe in you
no matter what you say
I'll never go your way
