

No Motiv, Heavy

You (help) today
but don't be scared it's only me
don't be afraid, I swear it's all ok
now take the shirt up off my back
and you can do the same
oh but don't be afraid
I swear it's all ok
take your clothes off for me little one
and play with uncle tom
keep this secret between you and me
I swear it will be ok
take your clothes off for me little one
and play with uncle tom
don't tell mommy what we do at night
she won't understand
what are you gonna do to stop this shit?
it's in your hands
millions of innocent children are molested each day
stop it now
take your clothes off for me little one
and play with uncle tom
keep this secret between you and me
I swear it will be alright
take your clothes off for me little one
and play with uncle tom
keep this secret between you and me
I swear it will be ok
take your clothes off for me little one
and play with uncle tom
keep this secret between you and me
I swear it will be ok
It's in your hands! So do something now
