

No Motiv, Tomorrow

Why do I have to wait until another day
to see you again? I can never wait
what's wrong with staying with me tonite just for a while?
Just for a while
Tonite just for a while
Tonite just for a while
till tomorrow when I see you again
from the morning till I go to bed
till tomorrow when I see you again
from the morning till I go to bed
No more workin, no more dues
no more attitudes
just another time till I see you again
until I see you again
until tomorrow when I see you again
from the morning till I go to bed
till tomorrow when I see you again
till the morning when I go to bed
waooh
No more workin, no more dues
no more attitudes
just another time till I see you again
until I see you again
till tomorrow when I see you again
from the morning till I go to bed
till tomorrow when I see you again
from the morning till I go to bed
till tomorrow when I see you again
from the morning till I go to bed
till tomorrow when I see you again
from the morning till I go to bed
