

# No One, My Release

For all I'm hiding, for all inside me  
Soon I will be  
Releasing all the tensions  
Or the imperfections  
That live with me...

Now the fight  
Is brought under the lights  
For all eyes to see  
Feeding all that I need  
All emotions I bleed  
This time is for me

Now I'm finding  
The mental binding  
Soon I will free  
The ground beneath is shaking  
Tight grip fist i'm making  
Will you come with me?

Now the cries  
Of hearing endless lies  
No more can I bare  
Block the world around me  
Nothign else can I see  
But truth without fear

Now can I not hear  
The voices are ever clear  
When will the voices cease  
Listen closely  
This is my release

It's air behind us  
The pain I can't see  
Close my eyes  
I set myself free!

The eyes of old (cannot stop me)  
The price of gold (cannot stop me)  
A raging fit (cannot stop me)  
A fatal hit (cannot stop me)  
Embracing holds (cannot stop me)  
A voice that's bold (cannot stop me)  
A life long truth (cannot stop me)  
A man to kill (cannot stop me)
