

No Secrets, I Know What I Want Now

I see how you look at me
Thinkin' that you're bein' discreet
I hear the way you say my name
And somethin' in your voice will change

Then I see you get a little red
When I laugh at somethin' you said
You don't even have a clue
That baby I am onto you

Don't be afraid
I'm gonna say yes
If you wanna ask me out
Why haven't you yet?
All I wanna do is hear it now from you

(Oh, oh, oh, oh, oh)

Do I gotta gotta get in your face?
Don't got a lotta lotta time to waste?
Do you wanna wanna be my mate?
Cuz I know what I know what I want from you
Do you wanna wanna be my guy?
Baby, baby please don't be shy
I'm comin' on strong
Cuz I'm thinkin' you're the one
And I know what I want now
From you

I think it's kind of cute
That it matters so much to you
That you don't wanna let me know
The way you feel, but let it show

So baby let me be the one
To take you by the hand, come on
I'll tell you what I feel inside
But then it's time for you to try

Don't be afraid
I'm gonna say yes
If you wanna ask me out
Why haven't you yet?
All I wanna do is hear it now from you

(Oh, oh, oh, oh, oh)

Do I gotta gotta get in your face?
Don't got a lotta lotta time to waste?
Do you wanna wanna be my mate?
Cuz I know what I know what I want from you
Do you wanna wanna be my guy?
Baby, baby please don't be shy
I'm comin' on strong
Cuz I'm thinkin' you're the one
And I know what I want now
From you

Every single day (Ohh...)
All I do is pray (Ohh...)
For you to understand (Oh...)
What I gotta do?
What I gotta prove?
There's nothing left to lose

Baby tell the truth
Cuz I gotta get my heart in love with

(Oh, oh, oh, oh, oh)

Do I gotta gotta get in your face?
Don't got a lotta lotta time to waste?
Do you wanna wanna be my mate?
Cuz I know what I know what I want from you
Do you wanna wanna be my guy?
Baby, baby please don't be shy
I'm comin' on strong
Cuz I'm thinkin' you're the one
And I know what I want now
From you

Do I gotta gotta get in your face
Don't got a lotta lotta time to waste
Do you wanna wanna be my mate
Cuz I know what I know what I want from you
Do you wanna wanna be my guy
Baby, baby please don't be shy
I'm comin' on strong
Cuz I'm thinkin' you're the one
And I know what I want now
