

# No Secrets, Little Angel Of Mine

Close your eyes, go to sleep  
Little angel of mine  
When you wake I'll be there  
Little angel of mine.

There's a star in the sky  
And it's shining for you  
Make a wish tonight  
All your dreams can come true.

My arms will be around you  
Kiss your tears away  
I'll comfort and protect you  
Never be afraid.

Close your eyes, go to sleep  
Little angel of mine  
When you wake I'll be there  
Little angel of mine.

My arms will be around you  
Kiss your tears away  
I'll comfort and protect you  
Never be afraid.

Close you eyes, go to sleep  
Little angel of mine  
When you wake I'll be there  
Little angel of mine.

I will watch over you  
Little angel of mine.
