

No Secrets, Worthless

i stare at you
everyday you walk to school
you dont even look over at me
your always talking about what ya did last nite
i bet you dont even know who i am
i'm just invisibly to you
thats why you dont even say hi

you make me think i dont belong here
it makes me think that i'm wierd
people think i'm hopless
but to you i'm worthless

my locker is right next to yours
i have a picture of you on my door
why wont you say hi
when you walk by
is caz i'm not popular
maybe i'm not like those other girls
who sit around woundering what you wear
or stare at the mirror playing with my hair

you make me think i dont belong here
it makes me think that i'm wierd
people think i'm hopless
but to you i'm worthless

why can't you just say hi
instead of you walking by
everyone thinks i'm a loser
but inside i'm really not

(you make me think)

youmake me think i dont belong here
it makes me think that i'm wierd
people think i'm hopless
but to you i'm worthless

you make me think i dont belong here
it makes me think that i'm wierd
people think i'm hopless
but to you i'm worthless

but to you i'm worthless
