

No Use For A Name, Chasing Rainbows

Just heard the news today, let yourself down once again
Trusted your feelings in a place that no one goes
Will you do anything to satisfy your so-called friend?
There's something you ought to know before you explode

All I want to do is make sure you stop chasing rainbows
Trusting those around you is an easy thing to do
I'm not saying don't believe in someone that you don't know
Just don't go on thinking that the whole world tells the truth

It's all fucked up, being reserved and quiet
She doesn't understand the message that you send
Don't give it all away somewhere, sometimes there's someone
Who can replace that state of mind, you never give it time (never)

All I want to do is make sure you stop chasing rainbows
Letting everybody crawl inside your heart and mind
Kicking you is easy when you're down
That's where the weak go
To release their anger on someone who will not try
To stand up and give them a fight
