

No Warning, Breeding Insanity

I'm right here, can you taste the glory
It's safe to say that you don't know me
End of story
I am falling behind, I am losing my mind
You won't help me so I kick you away
The look in your eyes you don't have to say
'Cause I will never be a part
And I don't want to feel like I should start
Just to please you
I'm reaching out, the paranoia pointed my way
Lay the blame on everyone
The worst has yet to come
I've wanted this, it will be mine
I'm takin' every single fuckin' ounce of time
Every second is right
Every move is a fight
This won't leave me, this won't leave me alone
I hate this side of me
Can't stand these aggravations
Breeding insanity
Can't help my disillusion
I hate this side of me
End all my hesitations
Breeding insanity
So I seek a solution
