

Noa, Le'at Keholem Halev

Transliteration:

Ulai kan nigmeret darki
Al hasaf hashalev.
Notfim kochavim yerukim
Le'at -- keholem halev.

Beivshat anafim yeveshah,
Birkat shlomim :
Haetsim haktanim bachorshah
Chiku li kol hayamim.

Mah muzar shebikashti otcha
Bidrachim larov,
Ad shebati al saf beitcha
Vehu koh karov.

Translation:

Perhaps it is here that my road ends
On the verge of the serene
Greenish stars drop to my feet
Slowly as the heart will beat

A pile of brittle autumn leaves
Bid welcome, as they crack
The small trees in the field have
Always known that I'd be back

How strange that I have searched for you
A thousand roads and more
Until I found you
And all this time
You were right next door
