

Nobody's Angel, Boom Boom

I told my girls, today's the day
Gonna get it get it going
Gonna swing your way
Gonna hold my breath, dive right in

Come on let the fun begin.
I told my friends I'm gonna do.
All the things that I've been wishing.
And wanting to.
Ain't nothing gonna stop me now.
Gonna get to you somehow.
Wanna take you down.
Wanna rock you round.
Wanna give you all my lovin'. Make your dreams come true.
You got me going.

Boom boom
I feel the room shake
Everytime you look at me
It's like a little earthquake
Ooh baby, honey, please
You don't know what you do to me
Ooh boy just look at me now
You got me going going
Like a merry go round

Ooh baby, honey, please
You don't know what you do to me

My friends say I've been too shy
That I'll never get to heaven
If I never try
So what's the t? Will you and me
Be movin' and funkin' in time
That sexy smile and lips so sweet
You know you knock knock knockin' me
Off my feet
I could be your girl
Show you round the world
Show you what you mean to me
Wanna get you up
Do it soft or tough
Wanna give you all my kissin'
When you gonna see
Baby look at me
Here's what you're missing

Boom boom
I feel the room shake
Everytime you look at me
It's like a little earthquake
Ooh baby, honey, please
You don't know what you do to me
Ooh boy just look at me now
You got me going going
Like a merry go round
