

# Nobody's Angel, Right There Waiting

Right there waiting  
Right there waiting  
Right there waiting

What was I searching for  
What was I trying to find  
I knew there was something more  
Waiting for me, I didn't know why  
Something was missing  
Something was wrong  
But now that I found you I finally belong

(Chorus)  
How could I have known  
Guess I should've seen  
All along you were right there waiting for me  
Can't believe my eyes  
Is this just a dream  
All along you were right there waiting for me  
Ooh ooh  
Right there waiting

I always thought my heart  
Wasn't quite right, broken in two  
Was missing the best part of life  
'Cause something of me was lost there with you  
Nothing can stop me  
Nobody could  
'Cause now that I've found you I've found you for good

(Chorus)  
How could I have known  
Guess I should've seen  
All along you were right there waiting for me  
Can't believe my eyes  
Is this just a dream  
All along you were right there waiting for me  
Ooh ooh  
Right there waiting

Right there waiting  
Right there waiting  
Right there waiting (Right there waiting)  
Right there waiting

Something was missing  
Something was wrong  
Now that I've found you I finally belong

(Chorus)  
How could I have known  
Guess I should've seen  
All along you were right there waiting for me  
Can't believe my eyes  
Is this just a dream  
All along you were right there waiting for me

(Chorus)  
How could I have known  
Guess I should've seen  
All along you were right there waiting for me  
Can't believe my eyes  
Is this just a dream  
All along you were right there waiting for me

Ooh ooh  
Right there waiting

How could I have known  
Guess I should've seen  
When all all all along you were right there waiting (Right there waiting)  
(Repeat 4x)
