

Nobodys, Best Damn Tits (I've Ever Seen)

She's walking, talking, and she's breathing. Everything you need.
But there's something so special. Man there's something so unique.
They're perfect in every way. There's not much more i can say.
She's got the best damn tits i've ever seen.
Maybe today will be my lucky day.
You can see those f**king things from a half a mile away.
Her face is great, her body too. But man i can't lie to you.
She's got the best damn tits i've ever seen.
