

# Noctiferia, Realm Burns On

Honour of mankind did vanish since the counting began  
Deaf were the ears of your god again  
Betrayal unseen throughout oblivion  
Feeble mankind!  
Feeble beliefs!  
Feeble souls!  
And yet we still remain  
Standing flesh and blood  
Put them all to the sword  
Drown them in the mud  
Now we walk the road  
That we carved in blood  
Burning golden gate  
And who see whole realm burning on  
Realm burns on!  
Realm burns on!  
Until they  
-all of them-  
-to the last-  
-pleading die!  
With the fire blizzards  
Awaken memories  
Like our kingdom once  
Now look and cry as your Realm burns on  
And the fires shall gleam through the eternity  
Do not be on the enemy's side  
Be on the side of The Enemy!  
Glorious is the warrior  
Who wears the sign of the  
Battlecourse  
Fear spreads amongst the feeble  
As they see the sign of the  
Battlecourse  
Do you remember the cries I have shouted  
Cries of pain!  
Hearken! Now as I cry again the cries of War!  
Fear spreads amongst the feeble  
As they see the sign of the  
Battlecourse  
Our death is bright  
Yet, dark is our rebirth  
Do you remember the cries I have shouted  
God was deaf then  
Now as you shout in pain  
Your god's deaf again!
