

# Noe Venable, Into The Wild

I have your love and I'm taking it with me  
into the wild into the wild  
I have an anchor that drops from inside me  
into the wild into the wild that  
always was hidden for you for you to find  
always was hidden for you for you to find

I have an instinct that's going to lead me  
into the wild into the wild  
call out his name and my father goes with me  
into the wild into the wild that  
always was hidden for you for you to find  
always was hidden for you for you to find

I have a charm that my best friend made for me  
into the wild, into the wild  
the genius-est magic is that which is spun by  
the small movements of lady fingers  
into the wild  
into the wild  
always was hidden for you to find  
always was hidden for you to find

I have your love and I'm taking it with me  
into the wild  
into the wild  
into the wild
