

# Noe Venable, My Insomnia

I went down to the dock  
I turned off all my clocks  
But there is nothing left to dream

Get in bed and try to fall  
Lay starin' at the wall  
And like a prayer i say your name

My insomnia my insomnia

Tried to ask if it's alright  
If we take off a night  
But i couldn't find your head  
Drowning in a sea of love  
In the expanses of my bed

My insomnia my insomnia my insomnia

You exhaust me
