

# Noel Gallagher's High Flying Birds, Open The Door

Utwór 'Open The Door, See What You Find' z albumu 'Council Skies' od Noel Gallagher's High Flying Birds

Sunrise  
In the palm of your hand  
Think twice  
Don't put your head in the sand  
Alright, dream it if you wanna  
All night down on the corner  
Sunrise  
In the palm of your hand

Open the door  
See what you find  
Don't look away!  
Open the door  
See what you find  
Don't look away!

I see all that I will ever know  
I see all that I will ever be  
And it's warm outside

Open the door  
See what you find  
Don't look away!

White light  
In the palm of your hand  
Think twice  
Don't put your head in the sand  
Alright, dream it if you wanna  
All night down by the river  
Think twice  
Don't put your head in the sand

Open the door  
See what you find  
Don't look away!  
Open the door  
See what you find  
Don't look away!

I see all that I will ever know  
I see all that I will ever be  
And it's warm outside

Open the door  
See what you find  
Don't look away!  
Open the door  
See what you find  
Don't look away!
