

NOFX, Glass War

Glass war, glass war, glass war, glass war, it's a glass war
Glass war, glass war, it's a glass war
Glass war, glass war

It's a glass war
Cause you can see right through the bullshit
It's a glass war
Cause we all know the activities
It's a glass war
Cause it's made of smoke and mirrors
It's a glass war
It's a glass war
It's a glass war
Cause only poor are gonna die and in a
Gas war
Cause we know why it was started
It's an ass war
Cause the president's an asshole
It's an ass war
It's a glass war
It's a gas war
Cause the starters are all victims of the
Glass war
Cause we sold the foriegn starters of the
Last war
Now the south are gonna start another
Glass war
It's a Glass War
It's a Glass war

And the shards are gonna start another glass war (x5)

It's a glass war
It's a glass war
