

# NOFX, I'm Going To Hell For This One

Jesus Christ will ressurect  
He's got his BMI royalty to collect  
He's not the white  
Fragile hippie  
He looks and acts more like  
an indignant Ice-T

Jesus Christ is coming back  
He wants to kick Mel Gibsons ass  
Superstar, The Passion of  
He wants his money not your love

He's been kickin 2000 years  
He's fixed a lot sports  
And drank a million beers

Some x-tasy, A thin white line  
He says designer drugs  
Beat the hell out of wine

Jesus Christ on vacation  
Spreading massive religion  
"Sex and drugs, we abstain"

He thinks Christians are insane  
They don't know love,  
they know fear and moral hauteur  
Scare tactics I never taught  
"If you're gonna look to me,  
better get rose coloured shades,  
Cuz what you see is what you get"
