

# NOFX, Murder The Government

I wanna see the constitution burn  
Wanna watch the white house overturn  
Wanna witness some blue blood bleed red

I wanna tar and lynch the KKK  
I wanna pull and shoot the NRA  
I wanna pay the lobbyists to kill themselves  
I wanna dose the DEA  
I wanna join the CIA (not really)

It just seems so fucking easy to make this  
Country a better place to live.  
Illegalize guns and lobbying  
(Jail murderers and extortionists)...  
Legalize drugs and prostitution  
(Free salesmen and saleswomen)...

Murder the government Murder the government  
Murder the government And then do it again yeah  
Murder the government Murder the government  
Murder the government and then  
Murder the government
