

# NOFX, My Penis

My penis is like a hot-dog,  
but I don't get monthly blood drips  
My penis hardly even used  
My penis's got lots of extra skin  
They took my outtie and made it an in  
Changing Donnie to Marie Osmond

Operation, successful  
But now I gotta pee  
Through a miniature hole  
Gotta remember to put the seat down  
And when I wipe my ass  
I go from front to back  
Cause I don't want a bladder infection

I never thought I'd miss my vas deferans  
I trade it in for a pair of used cans  
Now I get to hang with lesbians

Operation, paid up front  
Now I show all my friends  
My new designer cunt  
They think I'm kinda weird  
But that's ok with me  
Cause now I kick their ass  
Played from the gentlemens tee  
There's nothing finer  
Than having a penis
