

# NOFX, One Celled Creature

[Melvin]

Life on a mattress in a robe,  
in a room full of emptiness

[Fat Mike]

Knowledge has much better uses than self-pitty and superiority

[Melvin]

Maybe you are or could be the next Hoffman, Mahatma, or Chomsky  
But no one will ever know  
A sum of your parts are not gonna change any hearts  
not with hate in your eyes

[Fat Mike]

In order to lead by example you have to show a path to a better world,  
not a cell
