

NOFX, Shut Up Already

"Affection not dissection" "meat is murder" "animals are for petting"
Oh shut the fuck up already
I'm tired of you whining about poor animals dying
And the food they're supplying
Because if a big animal had the chance it wouldn't take a glance it would eat you up
"Affection not dissection" "meat is murder" "animals are for petting"
Oh shut your trap already
I don't want to listen and I'm tired of your bitchin'
'Bout what's in my kitchen
Because if a big animal had the chance it wouldn't take a glance it will eat you up
