NOFX, Stickin In My Eye

when I look round, I only see outta one eye as the smoke surrounds my head, the sauna I hear the voices, but I cant make out their words saying things, saying things, that I ... got something sticking in my eye got something sticking in my eye got something sticking in my eye I feel unusual from thinking about the underground decay, god help me kill beneath the camera, watch the world begin to cry its not from pity it comes from whats been sticking in my eye got something sticking in got something sticking in got something sticking in my eye
