

# NOFX, The Desperation's Gone

Trip down the stairs into hell  
Cathay de I miss your smell  
A mixture of puke, beer, stale piss  
Fuck, sweat, and fear  
Adrenaline addicted, the blood leak  
From my head kinda concerned my friends  
But at the time it felt so right  
The music blaring on, now that desperation's gone  
(The song is same) The desperation's gone

Turn, tune the knob k-go  
Some alterna radio  
Strategic marketing hype, media, stereotype  
Has our music been castrated? Yes  
To you it may sound good  
To me it sounds all wrong  
The notes and chords sound similar  
The same forbidden beat, but  
The desperation's gone (the song's the same)  
But the desperation's gone
