

# NOFX, Wolves In Wolves' Clothing

We're Rome, Aztec Mexico, Easter Island paradigm  
We are followers of Jimmy Jones, cutting in the kool-aid line

We are Animal Farm Pigs, we are a Terry Gilliam film  
We are fear Oligarchy, we are wolves in wolves' clothing, we are this planet's kidney stones

In the process of getting passed, metamorphosis from first to last  
A system breaking down beyond repair  
A product of three million millionaires and 100 million easy marks

We are Marie Antoinette, we are Joseph McCarthy  
We've finally become the divided states  
A nation built on freedoms, fears, and hates, the denotation of Irony

We all want a Hollywood end, but we're getting a foreign one  
The script has already been penned, and titled, &quot;the epitaph of a drowning nation&quot;
