

# Noga Erez, PC People ft. ROUSSO

I'm pissing on your PC, cancel me or diss me  
PC people piss me off  
I'm pissing on your PC, this isn't fucking Disney  
Pissing on your peace and love

Peace and love is an alibi  
Kiss and hug, give a smile for the public eye  
There's a lot about me they wanna minimize  
Looking for me? That makes both you and I, tell 'em  
I can't see Noga  
She's all gone now  
Take me home got eyes all over

Take the kids and teach 'em how to say the holy shit  
Butcher the preacher, this song is gonna be a hit  
I'm a sinner, I'm a cynic, I can stick it on your head  
I could pull it, I could...

Say whatever (wah wah wah wah wah)  
Say whatever (ratatata ratatouille)  
Say whatever (wah wah wah wah wah)  
I'm Calvin Klein, Turning Red, CK Louis

I'm pissing on your PC, cancel me or diss me  
PC people piss me off  
I'm pissing on your PC, this isn't fucking Disney  
Pissing on your peace and love

Oh wow, this is beautiful  
Oh wow, I'm so emotional  
Oh what a rollercoaster, magical  
I told you I sleep with one eye open  
I'm the joker

Why you always never smile, Noga?  
Try and do the same as I'm gonna  
You come in like chameleon  
You tell me Kiki best behave  
You lookin very lesbian (you can't say that)  
U lesbian (you said what?!)  
U super jew (did you just?!)  
I like your dress (what the fuck?!?!?)  
What you gonna say when you can't say anything you wanna say?

OK OK OK  
Say whatever (wah wah wah wah wah)  
Say whatever (ratatata ratatouille)  
Say whatever (wah wah wah wah wah)  
I'm Calvin Klein, Turning Red, CK Louis

I'm pissing on your PC, cancel me or diss me
