

Noise Ratchet, Open Up

Well i would die tonight to see your face
And i would die tonight to see your grace, your grace

How can I open up (open my eyes)
I've come to see you
I can see
I can see

How can i open up (open my eyes)
And come to see you
I can see
I can see

And I would cry tonight to see your love
And i would cry tonight to feel your blood, O your blood

How can i open up (open my eyes)
I've come to see you
I can see
I can see

How can i open up (open my eyes)
And come to see you
I can see
I can see
