

# Noise Ratchet, Open Up

Well i would die tonight to see your face  
And i would die tonight to see your grace, your grace

How can I open up (open my eyes)  
I've come to see you  
I can see  
I can see

How can i open up (open my eyes)  
And come to see you  
I can see  
I can see

And I would cry tonight to see your love  
And i would cry tonight to feel your blood, O your blood

How can i open up (open my eyes)  
I've come to see you  
I can see  
I can see

How can i open up (open my eyes)  
And come to see you  
I can see  
I can see
