

Noise Ratchet, Permanent Solution

You're looking out your window
And think "He's better than me."
Now your heart starts burnin',
And think "My life is ending";

Your mind is thinking, it's Jealousy.
Now, turn and run away
Your mind is thinking, it's killing me
Now turn and run away
Don't try to solve a temporary problem,
With a permanent solution.

Your mind is thinking, it's Jealousy.
Now, turn and run away
Your mind is thinking, it's killing me
Now turn and run away
