Noiseworks, Take Me Back

You never expect it to be in your wildest dreams
So take a step backwards for a little while
You'll find it there
It's something that I can't explain
So I remain trapped inside
Still holding strong
Still holding on to you, to you

Take me back to you, it's been a long time
Although woh every night I think of you
It's such a lonely life

I watched you wave goodbye as you drove away
I didn't know that it would be your last time with me
You said - life ain't worth living if nobody cared
You said that all the time, oh
I take a step back and see your staring eyes
I see you on the day you died

Take me back to you, it's been a long time
Although woh every night I think of you
It's such a lonely life
Take me back to you, take me back to you

Take me back to you, it's been a long time
Although woh every night I think of you
It's such a lonely life, oh oh
Take me back to you, take me back to you
