

# NoMeansNo, Sitting on Top of the World

One summer day  
She went away  
Gone and left me  
She's gone to stay  
She's gone, but I don't worry  
Because I'm sitting on top of the world

I'm going down to the hardware  
Gonna buy me a hacksaw  
Gonna free my heard  
Cut that pain away  
She's gone, but I don't worry  
Because I'm sitting on top of the world

I'm going down to the graveyard  
Gonna buy me a tombstone  
Gonna leave this town  
Lived here too long  
She's gone, but I don't worry  
Because I'm sitting on top of the world
