

NoNe, One More Song

Everytime i feel the spirit moveing in my heart this way.
Everytime i hear the good news riseing with each day.
Everytime i hear the music carried on a summer brease,
flying like a dove high above. Rideing on the wind.

One more song, sing it out sing it strong
One more day miles to go on journeys way
One more dream to have and to hold
Just one more song rideing on the wind

One more song sing it out sing it strong
One more day miles to go on journeys way
One more dream to have and to hold
Just one More song rideing on the wind
