

# NONONO, Pumpin Blood

Hey heart, on the road afain, moving on,  
Forward!  
See the stars, won't break the bones  
They're in the car,  
On the highway  
It's so magical, feeling, that no one's got a hold  
Your heart can list the all,  
Happiness you know

This is your heart, it's alive  
It's pumping blood  
It's your eart, it's alive  
It's pumping blood  
And the whole wide world is whistling

Hey heart, on the road again, driving stand, forward  
See the stars, won't take his course  
Got the band and ...  
It's the best of world's feeling, like nothing can go wrong  
Hear the sirens, the world,  
You catching on

This is your heart, it's alive  
It's pumping blood  
It's your eart, it's alive  
It's pumping blood  
And the whole wide world is whistling

Hey heart, won't you runn again  
On the highway, on the highway  
Hey heart, won't you runn again  
On the highway, on the highway

This is your heart, it's alive  
It's pumping blood  
It's your eart, it's alive  
It's pumping blood  
And the whole wide world is whistling.
