

# Norbert Legieć, Feelin'me

Verse:

City full of big crowds  
there's a lot I should figure out  
Even though it gets loud  
Forever nervous of being proud

Saw you at the bar in a red dress  
some top shelf and a cigarette  
and there's a lot I should figure out

Pre:

And the way that you're movin your hips  
Really feels like an conversation  
I can't explain it  
but I'm helpless

Then you turn around and turn your cheek to me  
When i didn't earn it  
But then you turned back  
And I wonder□

Chorus

Baby are you feelin'  
Are you feelin me  
Babe are you feelin'  
I just cant help but to

Wonder if you're feelin'  
Are you feelin me  
the Push and Pullin has got me lost  
and I wonder

Baby are you feelin'  
feelin'  
feelin'  
Baby are you FEELIN  
Feelin'  
Feelin'  
feelin me?

Post:

I want youth myself  
Don't care for no one else  
I want you to myself  
to myself, to myself yea

Verse 2

Your talkin to your new friends  
When I thought we were settled in  
as i was finshing my last drink  
i heard you callin

Saw you at the bar in a red dress  
With your tattoo of a silhouette  
and I was thinking to myself  
are you in to me?

Pre

And the way that you're movin your lips  
really captivates my thinking  
so I keep listening  
and I'm helpless

Then you turn around and turn your cheek to me  
When i didnt earn it  
but then you turn back  
and I wonder

Baby are you feelin'  
feelin'  
feelin'  
Baby are you FEELIN  
Feelin'  
Feelin'  
feelin me?

I want you to myself  
to myself, to myself yea
