(N.O.R.E.)

Take a mouthful hoe, gobble down slow

No shopping sprees but you could have dro

Mr. Chows, no simply you can get blimpy

F**k you in the truck, ghetto style, no Bentley

Shit I hit the brakes, stay out late

At your mom's crib chick, where my dick got ate

I'm like oh no, the bitch just blow

I'm coming now hoe, please let me go

I can't take it, the head game's sacred

Even suck me and Tigger off in the basement

I f**k mad hoes, and they ain't get no cash

It's N-O-R, the nigga that get Uncle Luke ass

Straight mash, theses motherf**king bitches can't last

An i bust three nuts on the table glass

Is is time to stop, nah it's not

Pussy swollen, told i woud wreck the twat

You can't hang with the ding dong

With your cream thong, you could ask my chicks

They call me King Kong

CHORUS

(Heather Hunter)

Yo it's on nigga for the long nigga

Who's balls up on the thighs like ping pong niggas

The real King Kong niggas

I need a Cheech & Chong nigga

In other words, dick bigger than a bong nigga

Stop drinking Moet & Chandon nigga

You better pour me some Cisqo if you want to get up in this thong nigga

My logo is a middle finger because I don't give a f**k

Stick it up, I'm like a virgin I don't give a f**k

Get it, like a virgin I don't give a f**k

Similar to a small dick nigga who don't get a f**k

Good whining, seen it all, tiny ass nuts hitting my big walls Like handballs,

he reminds me of a Ken Doll
Remember that shit?
Toy ass man with a nice and no dick
I ain't got time for playing games
The next time I'ma start f**king saying names

(Chorus)

(Akinyele)

Yo hey yo check it
You probably make records to f**k bitches
But I'm the reason why y'all niggas get your dick sucked from bitches
Turn sluts to bitches, I grant your wishes
You want to feel one swing fist's
I'm ambitious, the street vicious
I slam you up and down on cars like I'm hitting switches
It's repetitious on the road to riches
My dick cliffs, leaves girls with Frankenstein stitches
I grab bitches by the butt, give them a pain f**k
Stuck up aghainst the wall with their arms and legs stuck like King Tut
I remember when swallowing
Now I got girls choking from when a nigga deepthroating
Here take a lick, my dick's thick
Scratch the back of your throat like "huh" cause my dick's sick
I give backshots yo, cause I'ma backshot pro
Give backshots to girls who got cornrows
So when I pull their hair, it make their braids touch their ass like Li'l Mo
Yo

(Chorus)
