Hey yo the same old G  
Yo thats my shit  
Switch cd's threw on Nas shit  
Yo in the whip yo the windows clogged up  
Shorty givin me head mouth clogged up  
Flusher Meadow we call it "Lovers Lane"  
Every nigga probably here probably doin the same  
>From the front seat back seat  
Stashed in the glove compartment  
Where we keep the heat  
Shorty try to kiss me  
I'm like "I don't kiss  
dont take it personal yo some ass this  
but it's all good you could still suck my shit"  
She star-struck bitch just wantin to f\*\*k  
Askin me repeatedly to say "What what"  
She sucked my dick till I can't even bust  
She sucked my shit I had no more nuts  
Heyyo it's time to break before it get too late  
Had my wife out while I think I'm on a date  
But I rolled the philly and I counted my bread  
She said "One more time" and she grabbed my head  
I'm like "Wow she spittin on it gettin on it"  
Actin like she never had it like she really wanted  
I heard a knock on the window said "Don't move"  
Yo I'm nearly stuck shorty jumped right up  
Heard a nigga say "Don't move and give it up"  
At this point I'm shook turn around and I look  
BANG BANG Yeah nigga just shot his ass  
Broken window plus I got blood on my glass  
Get the car door open gat in my hand  
Still soapin lookin for who was approachin  
Blue suit damn I couldn't see through the tints  
Ah f\*\*k it I'll say that it was self defense  
But the bitch started yellin raisin hell-in  
I probably gotta body or two to see tellin  
But then yo a nigga just shot a cop  
Pig's blood on my clothes pig's blood on my glock  
But they just shot a black man  
Fourty one times  
He had no gat I got murder rhymes

Whatchoo think they would've did if they see mine  
The chick out of control wildin screamin and yellin  
I told her to chill before we get a felon  
My hand over her mouth I told her cut it out  
Gat to the stomach I took the highway hit a hundred  
Scared to death wishin I left  
The heat in the crib but I didn't it was all red  
The bitch sayin she sick stop bullshittin  
I gotta cat crib in Jamaica  
My little cousin he ain't gon say nuttin  
"Son it's hectic right just hold me down aight?"  
I'm on Wanted Most America  
All of my phones is tapped now God  
Yo even my cellular  
Me and Martymore shout for sure  
Now we gang bangin yo arc the sore  
I gotta letter from the government the other day  
Yo I opened it up and yo I peep what it say

It said &quot;You can't get away ya hear? -The KKK&quot;  
My niggas is sayin I'm hot makin em hot  
I'm all over the news for hittin the cop  
But I'm still poppin partyin with John Chalkin  
He said &quot;Before we talk we need a meal&quot;  
I need to get myself up and he can make a deal  
I said &quot;F\*\*k no I dont give a f\*\*k though  
yo the cop asked for it plus a nigga got dough&quot;  
The same bitch that I was with I'm still wit  
Heyyo I felt her neck and I felt her tits  
Heyyo the bitch wired then I heard a gat fired  
Remembered real quick feeling real sick  
I fell to the floor handcuffed the bitch got me  
&quot;I was tangled in this all along Popy&quot;  
Police got one and my Moms got the other copy
