

# Norma Jean, From The Church To The Barroom

No cursin' no smokin' no drinkin' for me since I met you I'm doin' 0-3  
No talk about me no gossip in town when I met you now I'm on my way down  
No cursin' no smokin' no drinkin' for me when I met you now I'm doin' 0-3  
From the church to the barroom that's where you let me  
Now I'm watchin' over that swingin' at me  
[ el.banjo - fiddle ]  
You never told me that you had a wife what a world that you done to my life  
The day that I met you I met the regret  
Cause the whole town keeps saying how low can she get  
No cursin' no smokin'...
