

Norma Jean, I Can't Believe That You've Stopped

Tomorrow I'll say happy birthday darling
And surprise you with a gift when you come home
And mine forgetful arms will reach out for you
I can't forget you just because you've gone

I can't believe that you've stopped loving me it's too much for me to understand
How can anything so real become a dream
I can't believe that you've stopped loving me
(steel)
I accepted all the reasons why you left me
I've gone back and relived all the love that we've had
For every tear we'd lost I've found the thousands smiles
And the good times always upweight the bad
I can't believe that you've stopped loving me...
I can't believe that you've stopped loving me
