

Norma Jean, I Can't Leave Him

I can't leave him I can't leave him he's not as strong as you and he needs me
I can't leave him I just can't leave him I must live with him or I can't live with me

Last night I even packed my things laid aside my wedding ring
Even wrote the note that said goodbye
It wasn't love that changed my mind I can't bear to be unkind
And cause the tears I know he would cry
I can't leave him...
I must live with him or I can't live with me
