

Norma Jean, I Thought I Heard You Calling My N

You said goodbye to me this morning with only these words to explain
You said you've found someone you love better but I still hear your voice call my name
I thought I heard you calling my name funny I still feel this way
Your voice seemed so close but I knew that by now you were many miles away
[fiddle]
I walk through the streets of the city people passing by think it's so strange
I'm talking but there's no one beside me oh I thought I heard you calling my name
I thought I heard you calling...
