

Norma Jean, I've Enjoyed As Much Of This As I Can Stand

I've enjoyed as much of this as I can stand
Tonight meant more to me than I could tell you
I'm so glad I got to see you once again
I've enjoyed just sitting down and reminiscing
But I've enjoyed as much of this as I can stand
So you say you're happy now you've found a new love
And I wonder if she knows that he's my man
No I don't think I'll have time to see her picture
I've enjoyed as much of this as I can stand
There's so much more between us than this table
All those years all those dreams all those plans
Guess you know without me saying I still love you
But I've enjoyed as much of this as I can stand
(fiddle - el.banjo)
There's so much more between us...
I've enjoyed as much of this as I can stand
