

Norma Jean, I Wish I Didn't Have To Miss You

Monday morning and I best be on my way got a feeling it will be a busy day
Doing something I'm not looking forward to wish I didn't have to miss you
Broke the clock because I wound it up too tight
Lucky me I didn't sleep a wink all night
So I was up on time to do what I must do wish I didn't have to miss you miss you
Wonder whose glasses that I'm seeing through
Cause I'm seeing everything but you everything but you
Now it's Sunday and I may go for a hike
Cause when it's Sunday it'll be Sunday day and night
Red is red and black is black and blue is blue wish I didn't have to miss you miss you
Wonder whose glasses...
Wish I didn't have to miss you miss you
