

Norma Jean, Woman In Love

A little bit of tenderness a little bit of love and care
And when she needs you a little bit of bein' there
A little bit of kissin' and occasional hurt
The first thing you know you got yourself a woman in love
Now and then I share enough of good things like a beauty of a twilight hour
Now and then a little box of candy sometimes an occasional flowers
A little bit of bein' aware of what she's a thinkin' of
The first thing you know you got yourself a woman in love
To make a woman love you is easy as long as you know what to do
A little bit of bein' faithful and true a few words like I love you
A little bit of tender touchin' when you look into her eyes
A little bit of faith and trust and a little bit of not tellin' lies
A little bit of thanks giving for the good things and heaven above
The first thing you know you got yourself a woman in love
To make a woman love you...
The first thing you know you got yourself a woman in love
