

# Normals, If Tomorrow Was Forever

I went to bed angry  
I woke up on the floor  
I probably could've helped it  
I could've prayed some more  
But I was tired  
I didn't get enough sleep the night before  
And so, I'm sorry  
I feel about three inches tall  
I wish I could crawl back under the covers  
I went to bed angry

If tomorrow was forever  
Could I then forgive you?  
If Heaven came and got me  
Would my heart be right with you?  
I've been praying for Heaven to come  
Now I don't know  
Cause I see something in me  
That's a part of you  
And it makes me mad (sad sad sad)  
What would I do?  
If tomorrow was forever  
Forever

Could I love you  
Could I love you  
Could I love you  
Could I love you

Could tomorrow be forever (ever)  
Could tomorrow be forever (forever)  
Could tomorrow be forever

Could I love you (Could I love you)  
Could I love you (Could I love you)  
Could I love you (Could I love you)  
Could I...

Could I love you
